Named to our Watch List because of the firm's merger with Bresky Law, allowing the NY firm to expand into Florida.

Schwartz Sladkus Reich Greenberg Atlas LLP (SSRGA) has gained significant traction since opening an office in Boca Raton in 2022. Attorney Robin Bresky, who merged her boutique firm with SSRGA, was named managing partner of the Florida office, which focuses on appellate law, family law, civil litigation, trusts and estates, and probate administration. While three new attorneys joined this year, Bresky aims to add more practice areas in 2024 that are also synergistic with the main office in New York City, including real estate, landlord/tenant, HOA and condominium board representation, and corporate. The firm recognizes an opportunity to service clients who live and/or have business interests in both South Florida and New York.
